1.3 Fire Code Implementation

The Municipality hereby adopts the Code as part of this by-law, and the whole thereof, save and except such portions as are hereinafter deleted, modified or amended, and is hereby incorporated as if fully set out at length herein. Any reference to this by-law shall be construed as a reference to the whole by-law, including the Code.

1.4 Continuation of the Fire Service

The Municipality will maintain Fire and Rescue Services within the Municipality. Each fire department shall be comprised of a minimum of ten (10) personnel at any one time, unless otherwise amalgamated or restructured.

1.5 Response outside the Municipality

The Fire Department will not respond to any call with respect to a fire or an emergency outside the municipal boundaries except with respect to a fire or emergency.

- (a) That in the opinion of the Fire Chief threatens property in the Municipality or property situated outside the Municipality that is owned or occupied by the Municipality.
- (b) That is in a Municipality that belongs to an area in the mutual aid agreement for which the Municipality is a member.
- (c) That is on property with respect to which an agreement has been entered into with any person or corporation to provide fire protection therefor.
- (d) Under such circumstances as it appears human life is in jeopardy.
- (e) Upon request for assistance from the Office of the Fire Commissioner or some other properly designated office of the Province of Manitoba.

1.6 Requesting Additional Assistance/Equipment

1.6.1 The Fire Chief at any emergency incident will have the right and authority to request assistance from any member of the Mutual Aid District for any of the emergency services provided as outlined in Schedule "A" if the event is considered to be large scale. This will also apply to any other agency with which the Municipality has entered into an agreement pertaining to fire and emergency service.

1.6.2 The Fire Chief at any fire or when providing any other Emergency Service, will have the right and authority to request any able-bodied adult person to assist in extinguishing fires, to assist in the control of spread of fire and to assist in any other required Emergency Service and any such person, while acting under the direction of the Fire Chief shall be deemed a volunteer of the Municipality.

1.6.3 The Fire Chief present at any emergency incident will have the right and authority to commandeer and authorize payment for the possession or use of any equipment for the immediate purpose of providing any Emergency Service.

1.7 Cost Recovery

Subject to any agreements, where any type of unnecessary emergency services have been provided by the fire department within the Municipality, including responding to a false alarm, as set out by Section 267(1) in the Municipal Act, any action or response required due to an offense of this by-law, or cancelled call, the Municipality, at the discretion of the Chief Administrative Officer, may charge any related costs incurred while taking such action, to the owner of the land or property where the action occurred.

SECTION 2 Fire Prevention

2.1 Fire Prevention Standards

2.1.1 Access for Inspection

The Authority may at all reasonable times enter any premises for the purpose of making an inspection, and any person in charge of the premises shall allow the Authority free access as per the Fire Prevention and Emergency Response Act.

2.1.2 Prevention of Fire Spread

The Fire Chief present at any incident shall have the right and authority to enter, or to allow fire fighters to enter pull down, or demolish any house or building or structure, directly or indirectly affected, where deemed reasonably necessary for the purpose of extinguishing a fire or to control or prevent the spread of fires or in conjunction with dangerous goods or rescue.

2.1.3 Property Maintenance

All buildings and properties must be adequately maintained in order to guard against fire or the risk of fire. If an excess of combustible growth, waste or rubbish of any kind is deemed liable to catch fire and endanger property it must be removed by the owner of the premises on which it is located. If not complied with in a reasonable and timely manner as set forth by the Chief Administrative Officer, the Municipality may cause the work to be completed and bill the owner of the premises for the costs of clean-up and disposal.

2.1.4 Storage

All boxes, crates, petroleum barrels and other containers, empty or otherwise, packing materials, or other materials used or kept in any building or on any lot, shall be:

- (a) Stacked or piled as to keep them clear of windows and doors to provide for access to and from any part of the premises or building;
- (b) Kept away from any source of ignition.
- (c) Removed immediately if determined to constitute a fire hazard by the Authority to an authorized location.

2.1.5 ***Flammable and/or Combustible Liquid Storage and Storage of Hazardous Materials***

Prior written permission from the Fire Chief must be obtained for the storage of flammable and/or combustible liquids or hazardous materials in excess of the amounts permitted in the Code.

2.1.6 ***Portable fire extinguishers shall be:***

(a) provided and located in accordance with the requirements of the Code.

(b) maintained and/or hydro-statically tested in accordance with the requirements of the Code.

2.1.7 ***Chimney Pipes***

All chimneys and pipes for fireplaces or wood stoves shall be installed in conformance with the Code and must be cleaned regularly to prevent a buildup of creosote. Where the Fire Chief deems necessary, he may give notice to any owner requiring the cleaning of any chimney or pipe and where such order is not complied with within ten (10) days the Fire Chief may request the Chief Administrative Officer to authorize the work to be done and the cost incurred shall be charged to the owner.

Further the Municipality may proceed to collect any costs charged by adding the costs to the taxes on any property owned by the person within the Municipality.

2.2 ***Fire Alarm Systems***

2.2.1 Every fire alarm system shall be maintained at all times in operating condition and tested by a qualified person in accordance with the requirements of the Code.

2.2.2 The Authority may by any means gain access to a property where a fire alarm is sounding for the purpose of investigating such alarm.

2.2.3 Where the Fire Department attends in response to a fire alarm call which is an apparent false alarm, The Fire Chief will attempt to contact the property owner or other responsible person to attend and disengage the alarm as well as to secure the premises. In the event that an owner or responsible person is not available, the Authority will contact additional personnel to deactivate the alarm and secure the premises. The total cost of restoration of any fire alarm equipment, and related costs of hiring a security guard or any fire-watch service, shall be the responsibility of the owner.

2.2.4 Property owners or tenants are subject to a fee for a response by the fire department for an alarm event that in the opinion of the Fire Chief, was caused by poor maintenance of the fire alarm system or in such situations where a reasonable person should have known that human actions or activity would cause a false fire alarm to be generated.

The fee is and method of recovery is outlined in section 1 (1.7) "Cost Recovery."

2.3 *Permits*

- 2.3.1 Permits are required for any Open-Air Fires or Fireworks display.
- 2.3.2 Authorization in the form of a permit does not exempt or excuse a person from the responsibility, consequences, damages, or injuries resulting from the authorized burn or display and does not excuse a person from complying with other applicable laws, ordinances or regulations.
- 2.3.3 Permits are to be obtained by the person responsible for the fire or fireworks.
- 2.3.4 There will be no fee to obtain a permit, but penalty may be charged, and cost recovery procedures will occur if a fire or fireworks are ignited without obtaining a permit and the fire department must take action.
- 2.3.5 Permits may be revoked if conditions change, or fire is deemed to be a nuisance by the Fire Chief
- 2.3.6 All active permits for open-air fires or fireworks are immediately void upon implementation of burn ban unless otherwise specified.
- 2.3.7 Permits are not required for recreational fires as outlined in section 2.4.
- 2.3.8 Penalty may be charged, and cost recovery procedures may occur if a fire or fireworks have been ignited without a valid permit

2.4 *Recreational Fires*

- 2.4.1 Recreational Fires are those that are for backyard entertainment often referred to as a fire pit.
- 2.4.2 Recreational Fires must be contained in a non-combustible fire pit made of masonry, concrete, or heavy gauge metal.
- 2.4.3 Fire pit must be located at a minimum 20 feet (6 meters) away from any combustible material, trees, fences, structures, or utility wires.
- 2.4.4 No household trash or garbage can be burned outdoors at residences in urban areas.
- 2.4.5 Recreational fires are not permitted under severe wind conditions or when local conditions make such fires hazardous. Penalty may be applied.

2.5 *Fireworks*

- 2.5.1 Any form of Fireworks display, whether it be commercial pyrotechnics or domestic use, requires a permit before igniting.
- 2.5.2 Fireworks are not permitted under severe wind conditions or when local conditions make such activity hazardous. Penalty may be applied.

2.5.3 Any use or display of paper lanterns, or luminarias, are not permitted within the Municipality.

2.6 *Open Fires*

2.6.1 A permit is required prior to ignition of open-air fires.

2.6.2 All burning within the municipality shall be subject to the conditions and provisions of the Wildfires Act, and the Manitoba Crop Burning Residue Burning Regulation – MR 77/93.2.2.

2.6.3 No person shall start an Open-Air Fire on any land without taking sufficient precautions that are reasonably necessary to protect persons and the property of others from the fire and ensure all precautions are taken to ensure that the fire can be kept under control, or when weather conditions are conducive to a fire burning out of control.

2.6.4 Any outdoor fire deemed a nuisance by the Fire Chief must be extinguished immediately.

2.7 *Burn Ban*

2.7.1 The Fire Chiefs have the authority to place a ban on all burning within the Municipal boundaries whenever hot, dry weather conditions exist.

2.7.2 Any permits that have been obtained are automatically cancelled upon order of burning ban.

2.7.3 Recreational Fires and Fireworks may also be restricted during a fire ban, if specified.

2.7.4 Notification of burning ban may be done through municipal website, social media or signage.

2.7.5 Penalty will be charged in the amount of \$500.00 and cost recovery procedures may occur if a burn ban has been implemented and a fire, or other action included in the ban, has been ignited.

SECTION 3 *Authorities, Duties & Requirements of Personnel*

3.1 *Fire Chief*

(a) Will take all proper measures for the prevention, control, and extinguishment of fire to protect life and property.

(b) Will enforce all general orders and department rules and regulations, provisions of Municipal By-Laws, and any other applicable Acts.

(c) Ensure all required paperwork is submitted to the Chief Administrative Officer including personnel information, timesheets, activity reports, etc.

(d) Submit to the Chief Administrative Officer the estimated annual expenditures required for the department regarding purchases of equipment, gear, training, etc.

3.2 *Personnel*

- 3.2.1 All firefighters are required to complete any necessary forms provided to them by the Fire Chief in order to receive volunteer remuneration.
- 3.2.2 All personnel within the department are required to respect and obey the chain of command as outlined by the Fire Chief.
- 3.2.3 If injured or near miss occurs, an incident report form must be completed and submitted to the Fire Chief.
